GENERAL INFORMATION

The College Scouting & Recruiting Service (CSRS) provides each player with an **INDIVIDUAL WEB PAGE** which includes a profile containing personal and academic information and an evaluation of baseball skills, plus online video footage. This information is compiled by questionnaire and attendance at an Evaluation Session and then **MADE ACCESSIBLE TO OVER 900 COLLEGE COACHES WHO CURRENTLY SUBSCRIBE TO OUR SERVICE.**

WHAT'S INCLUDED IN THE PROGRAM?

1. INDIVIDUAL PLAYER WEB PAGE

A) PERSONAL PROFILE

- A comprehensive profile detailing your academic, athletic and physical attributes
- An in depth and accurate assessment of your present and projected baseball skills
- **YOUR PROFILE WILL BE ACCESSIBLE TO OVER 900 COLLEGE BASEBALL COACHES.**

B) ONLINE VIDEO FOOTAGE

More and more college coaches are relying on videos to broaden the scope of their recruiting and to make realistic appraisals of prospects.

- **YOU WILL BE FILMED BOTH HITTING AND AT YOUR DEFENSIVE POSITION FROM A VARIETY OF CAMERA ANGLES (INCLUDING PITCHERS).**
- All subscribing college coaches will have a login ID and password for our database to view your workout.
- Coaches will have the capability of doing a player search enabling them to sort players by name, region, position, SAT/ACT score, GPA, skill rating, etc.
- Additionally, you will be provided with your own personal link which will allow you to email your Web Page to any college coach across the country.

2. RECRUITING GUIDANCE

Beyond the marketing aspect of the program, we try to supply guidance to you and your parents as well. Here we attempt to **ADVISE/EDUCATE** you on recruiting procedures and regulations, how to respond to coaches' inquiries, scholarship and financial aid opportunities, and on how to accelerate the recruiting process in general. **THIS ASSISTANCE IS CONTINUOUS UPON ENTERING THE PROGRAM UNTIL GRADUATION.**

2

HERE'S HOW IT WORKS

- 1) You attend one of the Evaluation Sessions (listed in the "Where and When" section of the brochure) where **YOUR BASEBALL SKILLS WILL BE OBJECTIVELY RATED.** These sessions will be limited to 15-20 participants.
- 2) At these sessions, **PRO TRYOUT-TYPE WORKOUTS WILL BE CONDUCTED** to measure throwing arm strength and accuracy, running speed, overall hitting ability, and the various skills that apply to specific positions.
- 3) The results of this workout coupled with the questionnaire you'll complete will comprise your **PERSONAL PLAYER PROFILE.** Your evaluation will also include a prescription for improvement plan so that you can better your baseball skills.
- 4) The filming will take place at the Evaluation Session in **"STRUCTURED PRACTICE SITUATIONS" DESIGNED TO MAXIMIZE EXPOSURE.** An instructional period providing recommendations and tips will precede the filming. The video footage will then be professionally edited and prepared to ensure enhanced picture quality.

HOW TO ENROLL

- 1) Fill out the registration form on the attached page and return it along with a \$195.00 deposit.
- 2) You will then be sent a detailed questionnaire requesting personal, academic and athletic information which should be completed and brought to the site.
- 3) A confirmation notice will also be sent including directions to the Evaluation Site and other pertinent information.

3

HOW MUCH WILL THIS COST?

FOR \$695 WE WILL DO THE FOLLOWING:

- 1) Develop an Individual Player Web Page displaying your academic/personal information, evaluation, and video footage which will be accessible to the 200+ college coaches who currently subscribe to our service...we do the marketing!
- 2) Periodically update your academic and athletic information
- 3) Provide an ongoing service with a toll-free consultation phone-line to answer questions and offer advice and suggestions on recruiting topics such as:
 - Academic eligibility requirements
 - The NCAA Clearinghouse
 - Letters of intent, early signing dates, and more.
- 4) Supply each participant with the contact information for hundreds of college coaches including email addresses along with a list of questions to ask recruiters.

WHO'S ELIGIBLE?

SELECT 2012 & 2013 GRADUATES ONLY!

Our showcases and scouting service have achieved a high level of credibility with college coaches and we would like to maintain our reputation as a dependable source for recruits. Although not restricted to blue-chip athletes, **THE SERVICE IS DIRECTED TOWARD LEGITIMATE PROSPECTS WHO INTEND TO PLAY COLLEGE BASEBALL AT SOME LEVEL.** If during the Evaluation phase, your talents are rated and projected below those necessary to play collegiately, *you will receive a full refund.*

ONE TIME FEE FOR UNDERCLASSMAN

There is a **ONE TIME FEE** for any 2013 graduate who enrolls in the CSRS. **YOU CAN REPEAT THE PROGRAM NEXT YEAR AT NO ADDITIONAL COST.** Your evaluation will be updated and your new video footage will be uploaded.

4

WHAT COLLEGES CAN ACCESS THE DATABASE?

Your evaluation and video footage will be viewed by over 900 colleges. **THESE ARE SCHOOLS WHO SUBSCRIBE TO OUR SERVICE AND REQUEST OUR MATERIAL.** Our college client base has gradually increased in the 23 years of the CSRS's existence. They include NCAA Division I, II and III institutions as well as NAIA and Junior Colleges.

Additionally, you will be provided with your own personal link which will allow you to email your Web Page to any college coach you choose giving him the opportunity to view your video/evaluation and make an immediate assessment of your skills. **So essentially, you can make your material available to any college coach in the nation.**

A list of the colleges who currently subscribe to our service will be issued to players at the Evaluation Session, but you can visit our Web site to view one in advance*.

WHY CSRS AND NOT OTHER SERVICES?

- 1) We are the **ORIGINAL** recruiting service. This fall marks our 23rd year. Our longevity is due in part to the credibility we have established with the college coaching community as a reliable source for recruits.
- 2) We supply an extensive **EVALUATION** of the player's skills and not just statistical data/reference letters which are often disregarded by coaches. Joe Wladyka or Lee Seras personally conduct each workout session and prepare each evaluation. The strength of our program is in the accuracy and objectivity of our reports*.
- 3) The colleges **SUBSCRIBE** to our service! They do not pay a fee but they request our information. We survey the coaches each pre-season to determine how they are using the material we provide
- 4) We rate the competitiveness level of each baseball program that subscribes to the CSRS and try to give the player an honest idea at what level he can best perform and succeed. To a degree we serve as your "BASEBALL GUIDANCE COUNSELOR," attempting to match players with programs and programs with players.

A MESSAGE TO PARENTS, COACHES & PLAYERS

The **College Scouting and Recruiting Service (CSRS)** is an exposure aid intended to enhance a student-athlete's opportunity to play college baseball. Since its inception in the summer of 1989, thousands have benefitted from it as the numbers on the adjoining page will attest.

Over 3 million dollars in scholarships was earned by last year's participants. The positive response has encouraged expansion into additional regions. This past summer's sessions were held in 60 locations in 23 states.

It's important for a prospect to receive recognition and visibility and equally important that he be well-informed and keep his expectation level reasonable. CSRS can provide help in these areas. It's a proven, objective source that college coaches increasingly depend upon to assist their recruiting procedures.

Considering the current and projected cost of college education and the amount of time and money spent on applications, it's a worthwhile investment in your future!

COLLEGE COACHES

To make the recruiting service more user-friendly for coaches, everything is now done electronically. Each coach will have a login ID and password for our database to view your personal Web Page. Coaches will also have the capability of searching/sorting for players through twelve different search options. From the comfort of his computer, a coach can view your video footage and evaluation and check your academic standing, prior to initiating the recruiting process.
