## GENERAL PURPOSE

The Pre-Season Talent Showcase is an exposure aid intended to enhance a prospect's opportunity to play college and/or professional baseball. It provides visibility for quality players by enabling them to demonstrate their abilities in structured skill sessions and practice situations before coaches and scouts who can make realistic, first hand assessments. Pro tryout-type evaluations will be conducted to measure throwing arm strength and accuracy, running speed, overall hitting ability, and the various skills that apply to specific positions.

## HERE'S WHAT TAKES PLACE

The program format calls for a combination of skills testing and structured practice situations designed to maximize exposure. All position players will be timed in the 60 yard dash and have their arm strength/accuracy tested. Pitchers will be clocked on the speed gun and have their pitch repertoire and delivery evaluated. Catchers will have their receiving and blocking skills judged as well as their times to second base. General infield/outfield workouts will be conducted to demonstrate mechanics, range/angles, first step quickness/jumps, double play feeds and pivots, relays, etc. All players will have their hitting ability determined by facing machines inside batting cages.

## WHO CAN ATTEND

The Showcase is an attempt to bring together the better high school players in the Mid-Atlantic/New England region. Only players like yourself who receive invitations or are recommended by coaches and scouts will be participating. Understanding that every player is not a professional prospect or a major college recruit, the program is not restricted to blue-chip athletes. However it is directed toward legitimate prospects who have a reasonable chance of benefitting from it.

## FACILITY

The Superdome Sports Bubble is the ideal facility for the Talent Showcase. Housing a 110 yard, 79,000 square feet, climate-controlled practice area, it has sufficient space and ceiling height to conduct modified games and full scale workouts. The completely turfed floor provides a realistic surface for fielders and visibility has been enhanced by newly-installed "T-5" lighting. Ample on-site parking is available in lots adjacent to the facility. Information on hotels within a short proximity of the Superdome will be sent upon request.

## SPECIAL OPTION

*Each participant will have the option of purchasing a personalized DVD of his showcase, to be used for future recruiting purposes.*
